Re: MDOT TAP Grant Application

Dear Mr. Brundidge:

We are pleased to continue our long partnership with the City of Detroit as we work to complete the Riverwalk connection of the East Riverfront to the West Riverfront through an application to the Michigan Department of Transportation (MDOT) Transportation Alternatives Program (TAP). The request will support the construction of a segment of Riverwalk at the DDA parcel between the Riverfront Towers complex and Ralph C. Wilson, Jr. Centennial Park.

The Conservancy will fund the matching requirements of the TAP grant as well as raise funds for the project costs over and above the grant amount. In addition, as the perpetual steward of Detroit's riverfront, the Conservancy will manage and fund the ongoing maintenance and operation of the new space.

We are grateful for the City's partnership on this project. If you have any questions, please feel free to contact me.

Sincerely,

Mark C. Wallace

Honorable City Council:

Re: Request for issuance of new encroachment permits to Greektown Propco LLC.

Your Honorable Body previously approved the Resolutions (as defined below) related to the issuance of certain encroachment permits that affect property owned by Greektown Casino, L.L.C., a Michigan limited liability company ("Greektown Casino") as set forth in such Resolutions (collectively, the "Encroachment Permits").

Greektown Casino has entered into an agreement with Greektown Propco LLC, a Delaware limited liability company ("Propco"), for the sale of the Casino Complex, pending necessary regulatory and City approvals and therefore seeks approval to have new encroachment permits issued to Propco in place of the existing Encroachment Permits effective upon closing of the contemplated transaction.

The resolutions previously adopted by your honorable body are: a Resolution adopted by City Council on December 4, 1998, a copy of which is recorded in the Wayne County, Michigan Register of Deeds at Liber 30102, Page 2115; a Resolution adopted by City Council on November 10, 1999, a copy of which is recorded at Liber 31283, Page 467; a Resolution adopted by City Council on May 17, 2006, a copy of which is recorded at Liber 45733, Page 800 and later corrected in a Resolution adopted by City Council on November 8, 2006, a copy of which is recorded at Liber 46207, Page 1298; a Resolution adopted by City Council on October 18, 2011, a copy of which is recorded at Liber 49612, Page 386; a Resolution adopted by City Council on July 18, 2007, a copy of which is recorded at Liber 47629, Page 872; a Resolution adopted by City Council on November 17, 2006, a copy of which is recorded at Liber 47420, Page 1284; a Resolution adopted by City Council on July 28, 2015, a copy of which is recorded at Liber 52402, Page 410 (as the same may have been or may be amended from time to time, collectively, the "Resolutions").

City Engineering Division – DPW and the City Law Department have reviewed and approve of the transfer conditions.

I am recommending adoption of the attached resolution.

RESOLUTION IN SUPPORT OF COMMUNITY SOLAR POWERED ELECTRICITY

By Council Member Benson on behalf of the Green Task Force Renewable Energy Subcommittee

Whereas, Solar energy is truly renewable and derived from the sun's radiation which falls on every household, and can be harnessed by installing solar panels; and,

Whereas, Solar energy is a clean and renewable energy source that can provide improved public health, reduced energy bills, and lessen greenhouse gas emissions, while supporting utility grid reliability, with low maintenance costs, promoting jobs and increasing economic development; and,

Whereas, The benefits of solar energy can be shared by more households than energy derived from burning fossil fuels in large centralized power plants, because improved technology has transformed solar energy into a cost effective form of renewable energy; and,

Whereas, Community solar electricity benefits are shared by residents including low income households, and community solar power utilizes community-controlled plants on a decentralized model to produce electricity; and,

Whereas, Community solar promotes energy democracy; and,

Whereas, Low- to moderate-income households, non-profits and government organizations face various barriers to using solar power; and,

Whereas, Policies that can increase financing options, credit scores and access to the Federal Investment Tax Credit will promote the growth of solar energy in low income communities; and,

Whereas, The City of Detroit's leadership, which has expressed a desire to be more "green", conducted a solar feasibility study, and has signed on to the objectives of the Paris Climate Accords; and,

Whereas, The Detroit City Council has supported State Legislation favorable to solar power, such as the Energy Freedom Package in 2018; and,

Whereas, According to a January 2016 report by the National Renewable Energy Laboratory, the City of Detroit has 2.6 gigawatts of rooftop solar photovoltaic technical potential, which can power approximately 200,000 homes; and,

Whereas, The residents of Detroit should have access to solar energy and its associated benefits, such as lower electricity bills, public health and economic development;

Therefore be it resolved that, The Detroit City Council calls on our legislators, elected officials, the mayor, commissioners, etc. to join the millions of citizens, grassroots organizations and local governments across the country in supporting the growth of solar energy use and to adopt policies that promote its equitable deployment; and,

Be it further resolved that, The Detroit City Council also calls on other communities and jurisdictions to join with us in this action by passing similar resolutions; and

Be it further resolved that, Copies of this resolution shall be provided to members of the Michigan delegation in Congress, Michigan Governor's office, the Detroit Delegation, constituents and media representatives.

RESOLUTION BY COUNCIL MEMBER RAQUEL CASTANEDA-LOPEZ

RESOLUTION IN SUPPORT OF THE MEDICARE FOR ALL ACT OF 2019

WHEREAS, The mission of the Detroit City Council is to promote the economic, cultural and physical welfare of Detroit's citizens through Charter-mandated legislative functions; and

WHEREAS, The current healthcare system fails to provide adequate healthcare, which is a basic right of all people living in the United States. The U.S. pays nearly \$11,000 per person for health care, the highest healthcare per capita spending rate in the world; and

WHEREAS, Despite spending over 18 percent of the nation's gross domestic product on healthcare, the United States has health outcomes that are significantly worse than other industrialized countries. U.S. life expectancy is lower than other nations, while the U.S. infant mortality rate is much higher. Additionally, the U.S. has higher rates of obesity, diabetes, heart disease, and preventable deaths when compared to other industrialized countries. Detroiters experience diabetes and obesity at rates even higher than the national average; and

WHEREAS, Although the Affordable Health Care Act (ACA) has resulted in dramatic increases in health insurance coverage since its passage in 2010, too many Americans are one medical crisis away from bankruptcy, or they are forced to choose between either rent and food, or lifesaving medical treatment and medicines; and

WHEREAS, The Medicare for All Act of 2019, if passed, would simplify the healthcare system by creating a single-payer universal Medicare program that would cover all Americans, including the 28 million Americans that are currently uninsured. This model would reduce the exorbitant amount currently spent on administering the inefficient multi-payer system, and allow Medicare to negotiate drug prices, significantly lowering the cost of prescription drugs, and

WHEREAS, The features of the bill include provisions that would eliminate copays, premiums, and deductibles; ensure that every single resident of the U.S. has access to comprehensive quality healthcare, including primary care, hospital and outpatient services; long term services and supports; mental health and substance abuse treatments; laboratory and diagnostic services and ambulatory services; and gives patients freedom to choose their doctors, hospitals, and other providers; **NOW THEREFORE BE IT**

RESOLVED, The Detroit City Council, as an advocate of the efficient use of tax payer dollars, expresses its strong support of Medicare for All Act of 2019 and urges the Federal Government to pass this posthaste; **THEREFORE BE IT FINALLY**

RESOLVED, That copies of this resolution be forwarded to the Detroit Delegation in Washington and to President Trump.
